Introduction

From 1 July 2016, Council is required to disclose Related Party Relationships and Transactions; as well as Key Management Personnel (KMP) compensation in its Annual Financial Statements in accordance with the Accounting Standard AASB 124.

The objective of this policy is to ensure that Warren Shire Council's financial statements contain the necessary related party disclosures, thereby ensuring transparency in dealings and their effect on Council's financial reports. These disclosures draw attention to the possibility that Council's financial position and profit or loss may have been affected by the existence of related parties and by transactions and outstanding balances, including commitments, with such parties.

Purpose

The purpose of this policy is to:

1. define the parameters for Related Party Relationships and the level of disclosure and reporting required for Council to achieve compliance with the Australian Accounting Standard AASB 124
2. ensure that Council's Related Party Relationships are disclosed, irrespective of whether there have been transactions between them in the relevant financial year.

Scope

This Policy assists in:

- a. identifying related parties and relevant transactions; Related Party Transactions, and ordinary citizen transactions concerning Key Management Personnel, their close family members and entities controlled or jointly controlled by any of them
- b. identifying outstanding balances, including commitments, between Council and its related parties
- c. establishing systems to capture and record the Related Party Transactions and information about those transactions
- d. identifying the circumstances in which disclosure of the items in Clauses 1. And 2. are required; and
- e. determining the disclosures to be made about those items in the general-purpose financial statements for the purpose of complying with the AASB 124

Policy Statement

Council is committed to responsible corporate governance, including compliance with laws and regulations governing Related Party Transactions.

Related Party Relationships are a normal feature of commerce and business. For example, entities frequently carry on parts of their activities through subsidiaries, joint ventures and associates. In those circumstances, there is the possibility of the entity having the ability to affect the financial and operating policies of Council through the presence of control, joint control or significant influence.

A Related Party Relationship could influence the normal business operations of Council even if Related Party Transactions do not occur. The mere existence of the relationship may be sufficient to affect the transactions of the Council with other parties.

For these reasons, knowledge of Council's transactions and outstanding balances (including commitments and relationships with Related Parties) may affect assessments of Council's operations.

AASB 124 provides that Council must disclose all material and significant Related Party Transactions and outstanding balances, including commitments, in its Annual Financial Statements. Generally, disclosure will only be made where a transaction has occurred between Council and a related party of Council. In addition, the transaction must be material in nature or size when considered individually or collectively.

When assessing whether such transactions are significant the following factors will be taken into consideration:

- significance in terms of size,
- was it carried out on non-market terms,
- is it outside normal day-to-day Council operations,
- was it subject to Council approval,
- did it provide a financial benefit not available to the general public,
- was the transaction likely to influence decisions of users of the Annual Financial Statements

Regard must also be given to transactions that are collectively but not individually significant.

To enable Council to comply with AASB 124, Council's KMP are required to declare full details of any Related Parties and Related Party Transactions. Such information will be retained and reported, where necessary, in Council's Annual Financial Statements.

Related Parties

A related party is a person or entity that is related to the entity that is preparing its financial statements.

For the purposes of this Policy, related parties of Council are:

- Entities related to Council;
- Key Management Personnel (KMP) of Council;
- Close family members of Key Management Personnel (KMP);
- Possible close family members of Key Management Personnel (KMP); and
- Entities or persons that are controlled or jointly controlled by Key Management Personnel (KMP), or their close family members, or their possible close family members.

Entities Related to Council

Entities controlled by Council, jointly controlled by Council or over which Council has significant influence are related parties of Council. Council will need to identify transactions with these entities and may need to make extra disclosure about them in Council's financial statements.

When assessing whether Council has control or joint control over an entity Council must consider AASB 10 and AASB 11. AASB 128 details the criteria for determining whether Council has significant influence over an entity.

Council's Contracts Register, Legal Register for Leases and Licenses and the Schedule of Debts Written Off will be reviewed to identify Related Party Transactions (RPT) and Related Parties. This information will be included in the Related Party Register (RPR) which will include all joint arrangements and updated on a regular basis.

Key Management Personnel (KMP)

AASB 124 defines Key Management Personnel (KMP) as "those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any Director (whether Executive or otherwise) of the entity".

Key Management Personnel (KMP) for Warren Shire Council are considered to include:

- Councillors (including the Mayor);
- General Manager;
- Directors / Senior Management personnel
- Public Officer; and
- Responsible Accounting Officer.

Also a person or entity is a related party of Council if any of the following apply:

- they are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others);
 - they are an associate or belong to a joint venture of which Council is part of;
 - they and Council are joint ventures of the same third party;
 - they are part of a joint venture of a third party and council is an associate of the third party;
 - they are a post-employment benefit plan for the benefit of employees of either Council or an entity related to Council;
 - they are controlled or jointly controlled by close members of the family of a person;
 - they are identified as a close or possibly close member of the family of a person with significant influence over Council or a close or possibly close member of the family of a person who is a Key Management Personnel (KMP) of Council; or
 - they or any member of a group of which they are a part, provide Key Management Personnel (KMP) services to Council.
-

The following chart identifies KMP of Warren Shire Council:

Close Family Members of KMP

Close family members of Key Management Personnel (KMP) are family members who may be expected to influence, or be influenced by, that person in their dealings with Council.

The definition of close members of the family of a person for the purpose of the AASB 124 is broader than the definition of “related” in relation to a person for the purpose of a register of interests under the Local Government (General) Regulation 2005 (the Regulation).

Definitely a close family member

- Your spouse/domestic partner
- Your children
- Your dependants
- Children of your spouse/domestic partner
- Dependants of your spouse/domestic partner

- Your nieces and nephews,
- Any other member of your family

Entities that are Controlled or Jointly Controlled by Key Management Personnel (KMP) or their close family members may include companies, trusts, joint ventures, partnerships and non-profit associations such as sporting clubs.

The following table will assist in identifying close family members:

Definitely a close family member	Maybe a close family member

Disclosure

Council Disclosure

AASB 124 provides that Council must disclose all material and significant Related Party Transactions (RPT) of a similar nature in aggregate except when separate disclosure is necessary for an understanding of the effects of Related Party Transactions (RPT) on the Annual Financial Statements, having regard to the following criteria: by aggregate or general description and include the following details:

- the nature of the Related Party Relationship (RPR)
- relevant information about the transactions including:
 - the amount of the transaction
 - the amount of outstanding balances, including commitments
 - their terms and conditions, including whether they are secured, and the nature of the consideration to be provided in the settlement
 - details of any guarantee given or received
 - provision for doubtful debts related to the amount of outstanding balances
 - the expense recognised during the period in respect of bad or doubtful debts due from related parties

All transactions involving Related Parties will be captured and reviewed to determine materiality or otherwise of such transactions, if the transactions are Ordinary Citizen Transactions, and to determine the significance of each of the transactions.

Generally, transactions with amounts receivable from and payable to Key Management Personnel (KMP) or their related parties which occur within normal employee, customer or supplier relationships and at arm's length are not material or significant.

These shall be excluded from detailed disclosures; they will be disclosed in the financial statements by general description. Disclosures that Related Party Transactions (RPT) were made on terms equivalent to an arms-length transaction can only be made if such terms can be substantiated.

A Related Party Transaction, as opposed to the Register of Pecuniary Interests, the related party and relationship must be disclosed for both the KMP and their close family member even if the same related party entity is held jointly or in common by them.

The New South Wales Auditor General Office may audit related party information as part of the annual external audit.

These notification requirements are in addition to the notifications a Key Management Personnel (KMP) must make to comply with Sections 451 and 459 of the Local Government Act 1993 that relate to material personal interests and conflicts of interest and Council's Code of Conduct.

The Responsible Accounting Officer is responsible for identifying information against each notified related party transaction in Council's business systems for the purpose of recording the related party transactions and associated information in the register of related party transactions.

Appendix C – Examples of Related Parties and Transactions

Warren Shire Council

EXAMPLES – RELATED PARTIES AND TRANSACTIONS

Some specific examples² of related party transactions may include:

- paying rates and utility charges in accordance with Council's Schedule of Fees and Charges
- using council's public facilities after paying the corresponding fees:
 - using the Council's public swimming pool after paying the normal fee
 - parking fees at rates available to the general public
 - attending Council functions that are open to the public
 - fines on normal terms and conditions
- entering into leases with Council or Council owned properties
- entering into contracts to provide/receive goods/services to/from Council
- use of Council assets free of charge (e.g. office space (for personal reasons))
- writing off debts due to/by related parties

Company that is a Related Party of Council – Example 1

Warren Shire Council (WSC) owns 90% of the shares in Warren Industrial Development Pty Ltd (the Company).

WSC has assessed that it has control over the company. The company is therefore a Related Party of WSC because WSC controls it.

WSC produces consolidated financial statements which include both a parent entity column and consolidated entity column. In the statements all individually significant transactions between WSC and the company will need to be disclosed. For other transactions that are collectively, but not individually, significant WSC will need to disclose a qualitative and quantitative indication of their extent.

WSC must also disclose the nature of its relationship with the company.

Key Management Personnel – Close Family Members – Example 2

WSC has recently employed Fred's son (Richard) in the Council's Parks & Gardens area. Fred is Council's Divisional Manager Finance & Administration but was not involved in hiring Richard. This process was managed by the Manager of Engineering Services and included an independent assessment process. Fred did not have any influence in Richard securing the job.

Fred has been identified as a KMP of Council, which makes him a Related Party.

² Provided by Hill Rogers

Richard will also be a Related Party of Council because he is a close family member of Fred. The recruitment process that was undertaken for Richard's position is irrelevant when assessing whether Richard is a Related Party.

Key Management Personnel – Close Family Members – Example 3

The Mayor of Warren Shire Council (Walter) has lived in the Shire his whole life. In fact his family has been in the area for over five generations.

Walter's cousin Mary, owns and operates a local newsagent through a company Today's News Pty Ltd, of which she is 100% owner. Walter and Mary have always been close and regularly socialise.

Walter has been identified as a KMP of the Council. Mary is classified as a Close Family Member of Walter because she would be able to influence, or be influenced by, that person with her dealings with Council.

Both Mary and the Company she controls, Today's New Pty Ltd would both be Related Parties of the Council. Any transactions that the Council makes with the newsagent would need to be separately identified and need to be disclosed.

Entities that are Controlled or Jointly Controlled by KMP or their Close Family Members – Example 4

Councillor Winx of Warren Shire Council is the President of Warren Jockey Club, the local racing club. The club is overseen by a committee which comprises the President and five other committee members. Each member has a single vote when making decisions at meetings. The committee members are not related and do not have agreements to vote with one another. The club has over 350 members that each have a vote in electing the committee members at the club's annual general meeting.

Councillor Winx does not control or jointly control the racing club so it will not be a Related Party of Council just because the Councillor Winx is the President of the club.

However, an entity where Councillor Winx has a Close Family Member who has a voting right would be considered as a Related Party.

Different Party Transactions that may occur between Related Parties - Example 5

The Council's functions include raising revenue to fund its functions and activities, and planning for and providing services and facilities (including infrastructure) for the local community. In carrying out its functions, the Council undertakes a wide range of activities including the imposition of rates and charges upon constituents, and the provision without charge of services such as parks and roads.

Councillor Paul is a ratepayer residing within the Council area. As such, Councillor Paul takes advantage of the availability of free public access to local parks and libraries. Councillor Paul also used the swimming pool at the Council's Recreation Centre twice during the financial year, paying the casual entry fee applicable to the general public each time. The recreation centre has approximately 5,000 visitors each financial year.

All of the transactions described above between the Council and Councillor Paul are related party transactions of the Council considered for disclosure in the Council's general purpose financial statements. Based on the facts and circumstances described, the Council may determine that these transactions are unlikely to influence the decisions that users of the Council's financial statements make having regard to both the extent of the transactions, and that the transactions have occurred between the Council and Councillor Paul within a public service provider/taxpayer relationship.

Contentious Issues

Note: where there are contentious issues in the determination of Related Party Disclosures Council should seek advice from the External Auditor.

When assessing whether a KMP or Close Family Member controls or jointly controls an entity, Council will need to refer to ASSB 10 and ASSB 11.
