INTRODUCTION

The Integrated Planning and Reporting (IP & R) framework requires an Operational Plan for 2025/2026. This document is part of the following suite of documents and should not be read in isolation;

- Community Strategic Plan “Warren Shire 2035”;
- 4-year Delivery Program;
- **Annual Operational Plan & Estimates;**
- Long Term Financial Plan;
- Asset Management Strategy; and
- Workforce Plan and Strategy.

The Operational Plan outlines the major activities Council will undertake across the full range of Council’s operations for the 2025/2026 financial year. These activities directly address the objectives and strategies outlined in Council’s Delivery Program and through the Community Strategic Plan.

The Operational Plan deals with the actions and tasks where Council has a role to play and identifies what we plan to do over the 2025/2026 financial year. The Plan also shows how we will measure progress and identifies the sectional responsibility for completing the action.

The annual financial information forming part of this plan, outlines the Annual Estimates, Revenue Policy, Fees and Charges and other financial information. This financial information relates to both the Delivery Program and Operational Plan.

THE OPERATIONAL PLAN

One of the important requirements of both the Delivery Program and the Operational Plan is to identify who will be responsible within the Council for completing the various projects or activities. This gives a clear picture of expectations, accountabilities and timeframes.

Integrating the plans

It is important to remember that the Delivery Program is part of a larger process – the Community Strategic Plan sets the communities agenda for the future, the Resourcing Strategy identifies matters that are within the Council’s realm of responsibility and the Delivery Program and Operational Plan spell out the Council’s plan of action for responding to these matters.

The strategies identified in the Community Strategic Plan have been carried through to the Delivery Program and the actions identified in the Delivery Program have been carried through to the Operational Plan. The diagram that follows shows how the various levels of the planning framework connect.

The Operational Plan has been developed to highlight who in Council does what activity and to identify the activities to be undertaken in the 2025/2026 financial year.

The Operational Plan is broken into Divisional/Departments and where possible to individual managers. Council works as a team from the Councillors to the General Manager and Divisional/Department Managers through to all other staff. We are outcome focused and try to ensure that our work improves the community we live in.

The Operational Plan is the link back to the Delivery Program and the Community Strategic Plan for reporting of our actions and outcomes. The Operational Plan is also linked to the Long Term Financial Plan with respect to the 2025/2026 financial year budgetary requirements.

Council receives a report each half year from the General Manager to advise of the outcomes being achieved at a Delivery Program level (four-year program). This process allows the Council and the community to determine the service outcomes and to look at the budget process against the actions in the Operational Plan. For ease of reporting, Council is using a simple traffic light reporting system of Green, Amber and Red to identify Delivery Program work progress against the Community Strategic Plan.

ANNUAL BUDGET - CAPITAL WORKS 2025/2026

Under the IP & R process, Council prepares a rolling Long Term Financial Plan. From this Plan, Council prepares a single year financial plan to identify its day to day operational needs and to determine future capital and maintenance works across all the service areas of Council.

2025/2026 is expected to be an extremely busy year with a great deal of capital improvement works to be completed or commenced together with a large flood restoration and construction program on Council's road network and other programs/projects, at least as follows:

- Workplace Health and Safety Management System – Safety Culture - \$50,600;
- Traffic Counter Replacement - \$6,354;

Council is expecting a large increase in electricity costs (upwards of 15%) in 2025/2026.

Included in the budget are various allocations towards maintenance works to be undertaken in the areas of town services (parks, gardens, water and sewerage), in the roads area and for other Council assets.

Having such a sizeable capital improvement budget together with Council's normal maintenance program and expected flood restoration program will necessitate the continued employment of both extra management and operational resources to ensure works and programs are efficiently, safely and effectively facilitated together with other members of Council's Management Executive Team.

Where possible, an increased operational staff level (both permanent and temporary) will also be used to undertake most works in house in conjunction with extra contracted works (local and tendered projects where special expertise is required).

Major grants to be sought include Warren Bore Water Storage Increase, Warren CBD Upgrade, Safer Local Roads and Infrastructure Program, Towards Zero Safer Roads Program.

Currently, no loans are required for the 2025/2026 financial year however, this may change for a required increased bore water storage in Warren. Alternatively, a loan most probably will be proposed in the 2026/2027 Operational Plan & Estimates to fund increased bore water storage in Warren, if grant funds are not forthcoming.

An appropriate allocation (\$125,000) has also been provided for what is necessary with the Audit, Risk and Improvement Committee (ARIC), Internal Audit Costs and for Service Reviews.

Water Usage Charges

Council proposes to levy usage water charges in accordance with Section 502 of the Local Government Act, 1993, on all properties. The purpose of this charge is two-fold:

- (1) to assist in the financing of water supplies;
- (2) to encourage conservative use of water.

The usage water charge for 2025/2026 will be:

Warren Bore Water Supply	-	0 – 450 kl	-	\$1.64/kilolitre
	-	over 450 kl	-	\$2.49/kilolitre
Warren River Water Supply	-	0 – 450 kl	-	\$0.60/kilolitre

	-	over 450 kl	-	\$2.49/kilolitre

Non-Residential Sewerage Usage Charge

Council proposes to levy a usage charge in accordance with Section 502 of the Local Government Act, 1993, on all non-residential properties.

Best practice guidelines for non-residential customers involves charging an appropriate sewer usage charge for the estimated volume discharged to the sewerage system based on the capacity requirement that their loads place on the system relative to residential customers. Grant funding for sewerage augmentation is conditional on council adopting these pricing guidelines.

The sewer usage charge will be calculated quarterly by multiplying the bore (potable) water usage by the relevant sewer discharge factor (SDF) multiplied by the sewer usage charge per kilolitre

The sewerage usage charge for 2025/2026 will be \$2.49/kilolitre.

Trade Waste Charges - Non-Residential Properties

Council is responsible for the approval and monitoring of liquid trade waste discharges in accordance with the Office of Water —Water Supply, Sewerage & Trade Waste Pricing Guidelines.

A liquid trade waste discharger is a property that discharges waste into the sewerage system other than domestic sewerage or unpolluted water. The fee structure for each category is based on the load each place on the treatment process and consists of an access fee and scheduled inspection fee.

Where a scheduled inspection detects non-compliant issues, any additional inspections undertaken to correct the issues will attract a re-inspection fee.

All charges are listed in the 2025/2026 Fees and Charges section at the back of this document.

Various Fees and Charges

In accordance with Section 608 of the Local Government Act, 1993, Council proposes a range of fees and charges as contained in the "2025/2026 Fees and Charges" to be included in the estimates document.

Council is required to charge GST on certain goods and services provided. The above document lists fees and charges as either inclusive of GST or GST not applicable as the determination of exempt charges made by the government may change from time-to-time Council may adjust fees and charges by the GST effect of any changes notified

Generally, these fees are intended to cover the following contingencies:

- supply of a service, product or commodity
- giving information
- providing a service in connection with the Council's regulatory functions, including receiving an application for approval, granting an approval, undertaking inspections and issuing a certificate
- allowing admission to any building or enclosure

The following factors have been considered in determining the fees proposed:

- The cost of providing the service
- The importance of the service to the community
- The price fixed by the relevant industry body
- Any factors specified in the Local Government Regulations
- The fees set for a wide range for goods and services are based on recovery of operating costs, contribution to the cost of replacement of the assets utilised. Examples are:
 - Reinstatement of roads and footpaths
 - Plant hire
 - Plan printing
 - Sporting & Cultural Complex hire
 - Showground/Racecourse facilities hire
 - Carter Oval Youth Sports Precinct hire
 - Victoria Oval
 - Cemetery
 - Aerodrome

- Provision of a range of goods and services where statutory charges are set by regulation. Examples are:
 - Section 10.7(2) & (5) Certificates
 - Development Applications
 - Information supplied under the Government Information (Public Access) Act 2009
 - Dog Registrations
 - Impounding fees

Grants

Council will continue to actively pursue grant funding during the year with any co-contribution required to be funded from the Infrastructure Improvement/Replacement Reserve where possible/available.

Pricing for Goods & Services

Council is committed to providing a variety of goods and services, which reflect not only the needs of individual customers, but also the wider community. Council strives to attain the highest possible standards by making maximum use of all resources, working in a spirit of teamwork and harmony amongst its Councillors, staff and the community.

Council will ensure that fees and charges are raised as equitably as possible, but at all times, those groups and individuals in the community who are unable to meet such commitments because of financial hardship will always receive due consideration.

Council supports the user pays principle in the assessment and calculation of fees and charges, whilst recognising the need for supplementing income in particular circumstances.

Council recognises the need to provide services for groups and members of the community that may not be able to afford a commercial rate for the provision of such services.

Council will ensure that all rates, charges and fees are set to provide adequate cash flows to meet operating costs and to assist in the provision of funding capital works. Council will pursue all cost-effective opportunities to maximise its revenue base and to seek an acceptable commercial rate of return on investments, subject of course to community service obligations.

Council recognises the need to set prices for goods and services to provide the most effective level of service possible to our community.

Council recognises the need to set prices for goods and services to ensure resources are not wasted or underutilised and wherever possible can promote more efficient and effective investment in the provision of infrastructure and essential services.

Council's policy in relation to charges for works on private land is:

"Where work is carried out on private property by labour and plant, utilising materials purchased by Council, the work is charged at actual cost together with appropriate loadings to cover overheads."

Goods and Services Tax

Council is required to charge GST on the provision of goods and services unless specifically exempt under section 81-5 of *A New Tax System (Goods and Services Tax) Act 1999*.

In many instances charges imposed by authority of an act of parliament have been declared exempt of GST. Council where required to charge GST on other goods and services has incorporated this tax into its Fees and Charges.

It is expected that the Federal Government will make changes to this section 81 list over time. Accordingly, Council will adjust its fees and charges from time to time by the GST effect of any future determinations made by the government.
